THE LIGHT OF HOME.

The light at home! how bright it beams
When evening shades around us fall;
And from the lattice far it gleams,
To love, and rest, and comfort call.
When wearied with the toils of day,
The strife for glory, gold, or fame,
How sweet to seek the quiet way;
Where loving lips will lisp our name
Around the Light at Home.

When through the dark and stormy night
The wayward wanderer homeward hies,
How cheering in that twinkling light,
Which through the forest gloom he spies!
It is the light at home he feels,
That loving hearts will greet him there.
And softly through his bosom steals
That joy and love that banish care,
Around the Light at Home.

The Light at Home! how still and sweet
It peeps from yonder cottage door—
The weary laborer to greet—
When the rough toils of day are o'er,
Sad is the soul that does not know
The blessings that the beams impart,
The cheerful hopes and joy that flow,
And lighten up the heaviest heart,
Around the Light at Home.

MR. GREELY'S BOYHOOD.—Horace Greely writes to the *Little Corporal*, a boys' and girls' paper:

"When I was nine years old, there unexpectedly appeared one day, in my father's humble farm-house, the clergyman, doctor, lawyer, and perhaps one or two other magnates of our New England rural township, who addressed my parents to this effect: 'Your older son is so promising a student, so easy and rapid a learner, we think he should have a better education than our common schools can give him. We propose, therefore, that he be sent to Phillips' Academy, and thence to College; and we offer, should you chose to entrust him to us, to see that he is properly schooled without expense to you.' My poor, but proud, parents responded with thanks, but decided they would give their children all the schooling they could fairly afford, and that this must suffice them. And among the many things for which I have cause for filial gratitude, I accord a high place to this decision. True, had they accepted the generous proffer, I should have learned much that I urgently need to know; for I never was, even for a day, a pupil in any seminary higher or other than a very common school; but I prize the independence thus secured far above the learning which it would have dearly purchased. I would like to read Homer and Æschylus, Plato and Demosthenes, in their native tongue; but not at the cost of owing my ability so to read them to the bounty of some sect or educational society, who would reasonably expect of me the championship of its dogmas in return. I would not be bound, even by the silken ligaments of gratitude, to what seems to me the truth of to-day, if I were thereby to be rendered ever disclined to accept and welcome the deeper truth that may dawn on my apprehension to-morrow."

A GOOD WORD FOR CALIFORNIA.—The Philadelphia *Inquirer* of April 22d, has this good word for California:

"The old race of adventures has nearly disappeared. The diggers have made their 'piles,' and most of them spent them, and sought their homes not much better off for their labors. To them have succeeded a different class, who have gone to the country to become citizens, and who have found their advantage in the development of its resources. They have set themselves down to determined work, and in the amazing fertility of the soil they have found their reward. They now need not importations of flour; on the contrary, they send to the East fine grain, which meets a ready purchase here, and flour in regular invoices.—Notwithstanding the risks and cost of a voyage round Cape Horn, or by the shorter route of the Panama Railroad, they can do this and make money. The wine interest of California is assuming immense proportions. The article which is produced is excellent in quality and finds ready purchasers in the East. Grazing now forms a prominent interest in California, and her hides have found their way, not only to here, but to China and Japan. Butter and cheese must soon crowd the experts from the Golden State, and California ought to be able to do a large business in fruits, fresh and dried. With these necessities are allied the increase of manufactures. Formerly, California was dependent on the East for the most common utensils. Now, she is lessening her demands, and needs scarcely anything but cloths and muslins, and the finer kinds of machinery. Added to all this, is her commerce, which has been constantly extending, and which, by reason of the new steam line to China and Japan, will increase surprisingly. The completion of the Pacific Railroad is a matter of a very few years—perhaps we might say months—and when it is finished, San Francisco will not only be the mistress of commerce on the Pacific, but the United States, from east to west, will share with her advantages of the rich trade of the world, which must find its highway across the continent."

EXPEDITION TO THE LATELY DISCOVERED ISLAND.—We learn that a joint stock company of 13 persons has been formed in this city with a view of sending a vessel in search of and to take possession of the newly discovered island in the North Pacific. Its position in 40 deg. 30 min. north latitude, and about 1,500 miles distant from this port in the track of vessels bound from China makes it dangerous to shipping in the absence of knowledge of its true position. On the other hand, if it possesses a good harbor it will be very valuable to the China line of steamers. These last require a coaling station, if possible, somewhere midway between Japan and San Francisco. It is believed that the island discovered may possess a good harbor which will answer the desired purpose. Its reported geographical position makes it probable that one or more vessels from the Arctic coast that are missing may have been wrecked there, in which case the metal, sheathing and fastenings to be found will probably pay the expenses of the expedition. The company above referred to have chartered the schooner Leah of about 30 tons new register for the purpose. She will carry a crew of six persons, under the command of Captain Woodsides, an experienced shipmaster of this port. We learn that the Company intend to take possession of the island in behalf of the United States and secure the most valuable tracts of land for their own personal benefit. There is a rumor afloat that another expedition to take possession of the island will also leave port in a few days. It is stated that it will be headed by Captain Cox of the Pacific Mail Company who send him to take possession of the island in case it contains a good harbor suitable for a coaling station for the China steamers. The schooner, Milton C. Badger, is said to have been bought or chartered for the expedition and will leave within a week for her proposed destination. Should no ill fortune attend the vessels and the island be found without much difficulty, we may expect a return of one or the other expeditions within a month from leaving port.—Alta.

ENCOUNTER BETWEEN AN ELEPHANT AND A RAT.—A very extraordinary encounter between a rat and an elephant has recently taken place in the garden of Plants London, which was witnessed with interest by hundreds of persons:

The keepers were engaged in destroying a great number of rats, when one of them escaped and ran to the spot allotted to the elephant. Seeing no other refuge, in the twinkling of an eye, the rat snugly ensconced himself in the trunk of the elephant much to the elephant's dissatisfaction. He stamped his foot and twisted his trunk round like the sail of a windmill. After these evolutions he stood suddenly still, evidently reflecting on what was best to do. He then ran to the trough where he is accustomed to drink, and plunged his trunk into the water, then returned to his den, and raising his trunk, with the water absorbed, he dashed out the unfortunate rat, which was in a sheet of water like that issuing from a fire engine. When the rat fell to the ground the elephant seized him and made him undergo the immersion and projection four times. At the fourth throw it fell dead. The elephant with a majestic air, but cool and placid, crushed his annoying little enemy with his foot, and then went round to the spectators to make his usual collection of cakes, sugar and other dainties The feat was received with vociferous applause, which the elephant seemed fully to understand and appreciate.

SUSPICIOUS SWEETNESS.—Gorham's campaign sheet, the *Flag*, is very sweet upon the *Alta* because the latter paper has been very easy on the "Boys," so-called, since the primaries. On a former occasion, these papers were very sweet upon each other.—Wonder if this sweetness is the result of a combined attempt on the part of these papers to get their nose together into the State printing trough.—*S. F. Call.*

We think that *is* the reason, and the nomination of McCarthy is doubtless the result of a combination between Clayes and McCarthy to defeat the wishes of a majority of the Union votes whose preference was for a worthier man.

NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

RESOLUTIONS

Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, until such time as a sufficient number of the friends of the Union can be found therein to organize governments; and that then the future control of said States should be left in the hands of their loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the coming session the large landed estates of the gentry who gave their personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the present Democratic party is as clearly manifest in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress toward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and eschewing its present heresies, shall in good faith determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adverse opinions may be holden or put in practice without jeopardizing the continuance of republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us is union and liberty—against us only disunion and disgrace.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senator and Representatives if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

P. W. THOMAS,
Chairman Committee on Resolutions.

THE UNION PLATFORM.

The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform and declaration of party principles:

Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, whether the same shall attempt to subvert our Union and control our Government by fraud and treachery from within, or force from without; and that upon the loyalty of the Nation, tried and proven, we rely to re-establish firmly and forever the bonds of our National Union.

Resolved, That in reconstructing the nation its foundations should be justice and its architects loyalty, and we are willing that those so active to destroy, should be the chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion loyal Committees exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freemen and equality, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government.

Resolved, That in the reconstruction plan of the late Congress we recognize a policy as wise as it is magnanimous, and when the respective States late in rebellion shall bring themselves within its provisions, we will welcome them as sisters and receive them as equals in a reconstruction Union.

Resolved, That we deem the passage by the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper.

Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, is in every respect injurious and degrading to American labor, by forcing it into unjust and ruinous competition, and as evil that should be restricted by legislation and abated by such legal and constitutional means as are in our power.

Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primary election law, and that such test should be prescribed and enforced a shall exclude all persons not members of the Union party.

Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1866, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

As a faithful chronicler of current events, it becomes our duty to record the general public sentiment of the Union party here, so far as expressed in reference to the political strength and moral fitness of the ticket presented by the late Union Convention for popular endorsement. We should betray a sacred trust should we fail to perform so high a duty we owe to the public generally and especially to the great and vital interests of the party to which we belong. It cannot be disguised that very many men, some of whom have been long prominent as active supporters of the Union party—having entered it when the Republiaan party became merged into it—openly declare that they cannot support the ticket without a consciousness of demoralization, and that therefore they will not support it. Others avoid public expression, maintaining a reticence, in anticipation that some timely action will be taken to place before the long tried, faithful Union men of the State, a ticket that will awaken all their oft-proved inspiration and receive their united endorsement at the polls. Others, few in number, have had the courage to endorse the ticket and commend it to the support of the people. Now, it is not for us to say whether this general public sentiment against the moral merit and availability of the ticket is well or ill founded. We only note and chronicle the development of public sentiment as it exists. Nor is it for us to say whether it is expedient or the duty of Union men to give to it their approval and undertake to carry it successfully through the ordeal of the election; or to take measures to place before the people a ticket that will be received with more general approbation and awaken sufficient respect and inspiration among good men both in and out of the ranks of the Union party, to foreshadow its triumphant success. In a multitude of counsel there is safety. When time shall have been given for the general expression of the public sentiment of the Union party throughout the State touching this matter, a satisfactory judgment will have been attained, and a corresponding course of action determined upon. In saying this much we have not been unconscious of the impossibility of presenting a ticket entirely unexceptionable; with the imperfections of human nature, so much must be expected.

REMONSTRANCE.—The practical printers of San Francisco met on the 16th instant and passed the following resolutions in remonstrance to the late nomination of D. O. McCarthy, of San Francisco, for State Printer The grounds are well taken, in our opinion, and we hope the voters throughout the State will substitute the name suggested instead of that of D. O. McCarthy. We have left this man's name off the ticket, believing him unfit as well as ineligible to discharge the duties of the office:

Resolved, That it must be evident to every voter that the position of State Printer should be filled by a printer. To select a lawyer, or a doctor, or a merchant to fill such a position is simply a political humbug. The present nominee of the Union State Convention is not a printer. On the contrary, he has simply been engaged in conducting a sort of guerrilla newspaper, and for years past has employed the worst printers at the meanest possible prices.

Resolved, That we present to the voters of California, as eminently qualified for State Printer, David Norris, a practical printer, a workingman, an old pioneer, well known throughout the State, a member of Stevenson's Regiment, a man of unquestioned ability and patriotism, and amply qualified to fill the office. We pledge him to reduce the cost of the State printing one-third, and we call upon all typographical societies and all organizations of workingmen and Eight-hour Leagues in the State to indorse him and help us to elect him.

McCarthy's nomination on the State ticket will materially weaken the ticket in this county. Many persons occupying prominent positions both politically and socially, do not hesitate to publicly denounce the nomination in round terms, and predict for it in this county a disgraceful defeat.

SHAKSPEARE makes one of his characters ponder upon a very vital question of expediency brought to his mind by the supposed misconduct of a near relative, and the proposition lately put forward by those who are dissatisfied with the recent action of the Union State Convention forcibly reminds us of the soliloquy of Hamlet. Whether 'tis best to "bear the ills we have, than fly to others we know not of." In creating a division in our ranks we but strengthen the enemy, and in so doing surrender the prestige of victory which has so long and proudly perched upon our banners. We then, without presuming to dictate to the members of the Union party, would recommend a careful survey of the situation. Do this calmly and deliberately, and if you find you cannot maintain your self-respect as party men by supporting the whole of the present ticket, then, as "all private interests sink when they come in contact with the public good," substitute such names as will be most likely to heal all differences and cement party organization. We do not pretend to deny that the name of W. H. Parks on the State ticket will lose at least four hundred votes in Placer, and the sooner HE comes off the better. There are others, doubtless, who are as objectionable, but as we said in an article elsewhere, it would be impossible to get a ticket entirely unexceptionable. But there are at least ten thousand names in the State less objectionable to the people for the positions to which they aspire, than either Parks or McCarthy.

THE NUMBER.—Seventy-three persons joined the Democratic club in this place, and eighty have signified their intention to go that way at Gold Run. One hundred and forty-nine benighted souls in the Christian and enlightened Township Four!

VOTERS TAKE NOTICE.—"No person can vote at any election unless his name is found on the Poll List where he offers to vote."

"Every voter is required to be enrolled" (name registered on the Poll List) "on or before the thirtieth day before the election."

"Every voter must apply personaly or in writing to be enrolled at the precinct where he elects to vote; and no voter can be enrolled after said thirtieth day, exceept on showing by affadavit good reasons for his omission to apply before, and making very strict proof of residence by at least one witness, besides his affidavit."

Next election, September 4th, 1867.—Thirtieth day before said election; Monday, August 5th.

For enrollment, apply at the office of the Board of Registration, at Wells Fargo's Express office.

THANKS.—We acknowledge the receipt of a ticket to the Masonic Ball to take place at Illinoistown on the 24th of June, and return thanks to the Committee of Arrangements for the courtesy. The exercises of the day will consist of the beautiful ceremony of laying the corner stone of the new Masonic Hall to be built at Colfax, a procession by the brethren of the Order, an oration by Brother Thomas P. Hawley, of Nevada, and wind up with a ball in the evening. Those who wish to enjoy themselves rationally, hear an eloquent address, and receive an impression of the beautiful workings of this most honorable and munificent Order should not allow this opportunity to escape them.

THE Good Templars of Gold Run intend dedicating their new hall on the 27th instant, at which time they will give a ball which is intended to surpas anything of the kind yet given. As Gold Run is noted for its kind, polite gentlemen and angelic women, we can safely predict that those who go will enjoy themselves to the fullest extent.

THE Pacific Guards of this place contemplate celebrating the Fourth of July in an appropriate manner.

Perry Davis' Vegetable Pain Killer, after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its emcacy is, that the sales have constantly increased and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

NOTICE.

To all whom it may concern: whereas, in the month of June, 1866, a certificate of pre-emption for the south-east quarter of the north-east quarter of Section 8; east half of the south-east quarter of Section 8, and the north-west quarter of the south-west quarter of Section 9, Township 15, north, range 10 east, Mount Diablo base and meridian, containing one hundred and sixty acres of land, was issued to me by the Register of the U. S. Land Office at Marysville, California, the district within which said land is situated. And whereas, subsequently, viz: in October, 1866, affidavits were filed in the said Land Office, declaring said land to be more valuable for mineral or mining purposes than for agriculture; Now, therefore, this is to notify all whom it may concern that I will, on

23rd day of July, A. D., 1867,

or as soon thereafter as the same may be heard before the Register or Receiver of said Land Office, adduce evidence to prove that the said land is more valuable for agricultural than for mineral or mining purposes, and upon such proof being made, apply for permission to prove up my pre-emption claim to and purchase said land. SEMI-WEEKLY ENQUIRER.

CEMENT MILL.—The first run of the cement mill recently put up by the King brothers of this place, far exceeded in the result obtained their most sanguine expectations. Less interruption was experienced from the working of their new machinery than might have been expected, and more was realized from the pile of dirt crushed than was anticipated. The process of working the cement by crushing can scarcely be said to be an experiment. The known general distribution of the gold, and the average, regular yield by mortar-pounding, furnished very satisfactory evidence that the crushing process would pay. For years miners have been drifting and washing the cement, taking with it the ledge or bed-rock, to a certain depth, realizing moderate returns. It has been evident, however, that most of the gold obtained came from the decayed ledge into which it had settled when the gravel deposition was formed. And that only a small perient of the gold encased in the cement was obtained, the remaining being carried away in the undissolved cement and swept off by currents during the rainy season beyond their reach. Miners working cement in this vicinity are contemplating the erection of mills for crushing—two companies, we learn, having already decided—the ledge as well as the cement, for the ledge contains more or less hydrate of iron encasing gold, and goes through the sluices without dissolving; whereby they hope to realize four to one as compared to the present washing process. The facilities for obtaining a driving power at small expense are very great. A pressure—water-power—of nearly three hundred feet can be easily obtained, thus reducing to an inconsiderable sum the expense of driving stamps. Partial explorations have been made contiguous to or in the vicinity of the King Brothers claim by the washing process with results as above stated. But a large area of cement, resting on the ledge of the basin comprising the Dutch Flat hydraulic diggings remains totally unexplored. The surface of this basin to the depth of sixty feet or more has been washed away, but the great body of the gravel deposit to the depth of 100 feet—and how much more deeper is not known—remains unexplored. Attention is now being turned to this lower substratum of cement. The result is looked for with interest, for the crushing process in mining is next in order if mining is to be continued to any great extent, hydraulic power being ineffectual below a point some 60 feet in depth, the surface being loosened by the forces of oxidation and disintegration acting through uncounted ages.

DEMOCRATIC COUNTY CONVENTION.—This body met at Auburn on Monday last, and brought forth the following ticket as the result of their deliberations: Senator, W. D. Lawrence, of Iowa Hill; Assemblymen, George Mason, of Gold Run, H. C. Neill, of Christian Valley, and — Davis, of Rocklin; County Judge, B. F. Myres, of Auburn; Sheriff, W. M. Crutcher, of Auburn; County Clerk, W. H. Kruger, Dutch Flat; Recorder, M. Hussett, Michigan Bluff; Treasurer, Wm. McClure, Yankee Jims; District Attorney, Jo Hamilton, Auburn; Superintendent Common Schools, W. H. Hobbs; Coroner, George Kehner. The members of this Convention were true to their instincts as displayed during the war, for, we believe, they nominated none who had not made his record as an uncompromising opponent to the war for the suppression of the rebellion as well as manifesting their hatred for those who opposed them. That the members of the Democratic party for a moment beleive that they have a reasonable chance of electing their ticket, or any portion of it in this county, we cannot think. Their opposition to the great measures as well as the expressed wishes of a very large majority of the people is too fresh in the minds of the masses to enable them to conjole them into even an unwilling support. The unfortunate dissatisfaction with many in regard to the Union State ticket will doubtless be seized with avidity by the manipulators of the Copperhead organization, but we trust this matter will eventually be settled without any demoralizing tendency upon the party. We should carefully look to the harmony of our own party, and not allow the counsels of our opponents to have any disorganizing effect upon us whatever. We should endavor to go in a solid phalanx to the polls and cast our ballots for the principles we have heretofore adhered to without regard—if possible—to the objectionable persons who compose a portion of the ticket.

CHANGE OF BASE.—Mr. Raphael, who has been long and favorably known in this place as an enterprising, energetic partner of A. Franklin & Co., has removed to Cisco, where he intends keeping a full and complete assortment of wines, liquors, syrups, tobacco, cigars, etc., and for whom we bespeak a kind consideration from the people in the upper portion of the county.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.
This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.
For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.
For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.
For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails
For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.
Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.
It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.
"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.
CHAS. FOSTER, 420 Broad str., Phil.
Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.
As a tonic it will be found invaluable to all persons recovering from debility whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.
It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.
It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

THIS CELEBRATED INSTITUTE has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts: Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that he one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by etter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly acorning testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

San Francisco, June 16, 1864.

subscibed and sworn to before me, this 21st day of June, A. D. 1864.

[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. Doherty takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. Permanent cure guaranteed or no pay. Address,

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College and Physician of the St. John Baptiste Society of San Francisco,

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason an l morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc, The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated success fully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Deability, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.
